

**About This List:**

**-THIS IS NOT A CURRENT AVAILABILITY**, but rather a list of **all trees and shrubs** we are expecting to receive sometime between April and June of the current season. THIS IS NOT AN EXHAUSTIVE LIST! We have many more trees and shrubs in inventory than you will see listed here - if you don't see what you're looking for, call and ask for the nursery department.

-We are constantly restocking our inventory, so expect 1) some plants to sell out, 2) many plants not on this list to be added to our inventory, and 3) some prices and sizes to change slightly throughout the season. Unfortunately, time does not allow us to update the list during the season.

# - Refers to the number of dry gallons of soil a container can hold. Ex. '#3' refers to a 3-gallon pot.

AB - Refers to American Beauties collection of native plant species.

FP - Field Pot (plant was grown in a field, then dug and containerized).

Caliper - Refers to diameter of trunk measured 6" from the ground.

B&B - Balled and Burlapped.

hvy - Heavy grade, oversized.

For more information on these plants, including growing requirements, photos and more, go to

where you can also search for plants that fit your site, based on parameters you select.
